

MYP & DP Student Responsible Use Agreement

As an IB world school the agreement below reflects technology usage within the attributes of the IB Learner Profile. This Responsible Use Agreement inspires students and teachers to be effective contributing members of our digital community.

Inquirer:

- I will use a variety of tools to conduct my inquiry, such as subject specific search engines, databases, and curated collections.
- I will evaluate web sites and other technology resources for reliability before using them to satisfy my inquiry.

Knowledgeable:

- I will regularly update the systems and security on my digital devices.
- I will use reliable resources to understand the best programs and systems for my technology devices.
- I will review and consider the BYOD terms of use.

Thinker:

- I will consider my profile and the purpose of accounts I create.
- I will consider the information and materials I choose to share and create.

Communicator:

- I will consider language, register and tone when I communicate online.
- I will consider my purpose and my audience when selecting a tool to share or create information.
- I will use technology to communicate beyond the walls of my classroom.

Principled:

- I will behave online in a way that represents myself and my school positively.
- I will use and share media legally. I will respect the intellectual property rights of other digital citizens.
- I will cite all works in the manner appropriate to the task and the creator's wishes.

Open Minded:

- I will respect the rights and views of others.
- I will encourage tolerance and acceptance in digital environments.

Caring:

- I will be responsible with all the digital devices I use.
- I will contribute positively to online communities.
- I will offer constructive feedback and commentary on the work of others in a positive manner.

Risk Taker:

- I will participate in the open culture of the Internet by sharing my work and accepting critical feedback.
- I will license my work to be clear to others how it is intended to be used and shared through Creative Commons.

Balanced:

- I will balance how much technology I consume by creating products with technology.
- I will experiment with a variety of technology tools. I will choose the most effective technology tools for the tasks at hand.
- I will manage my time spent with technology, ensuring that it is a tool which complements, but does not control my life.

Reflective:

- I will regularly reflect on and update my digital footprint, updating my online presence so it accurately represents who I am.
- I will make informed, considered choices about what and how I share online.
- I will reflect on my limitations as a technology user and pursue learning formally and informally to improve as a user of technology.

If you do not follow the above agreements, you may lose the right to use technology at NIS. Technology employees can monitor what we do when using technology at NIS, especially using the Internet. By following the agreements above, we are able to stay safe and secure when using technology.

I have read and discussed these agreements with my parents. I understand them and will do my best to follow them. This agreement is valid throughout your NIS career.
